TAB 1 - MAPS

1. OVERVIEWS: The following maps have been prepared by counsel for the Plaintiff from evidence given in Court to show the following:

Legendary Tsilhqot'in Landscape	A
Traditional Tsilhqot'in Place Names	B
Traditional Tsilhqot'in Transportation Network	C

2. PREVIOUSLY MAPPED EVIDENCE: The following maps are consolidations of the mapping exhibits (such as acetate overlays), consolidated by Clover Point Cartographics at the request of counsel for the Plaintiff from Exhibits 1, 3, 6a, 13a, 13b, 14, 15, 16, 18, 19, 23c, 93, 94, 95, 96, 136, 142, 144, 179, 180, 181, 207, 208, 209, 210, 211, 212, 213, 214, 215, 216, 217, 258, 259, 371, and 396. These maps show land use during the memory of the witnesses.

Composite of Use Evidence from Exhibits (Map D through Map H)	I

3. NON-EXHIBIT EVIDENCE: The following maps have been prepared by Clover Point Cartographics at the request of counsel for the Plaintiff from the lay witness evidence. This is previously unmapped lay witness evidence, and the areas shown on the maps represent the submissions of counsel as to a conservative graphic representation of the testimony of the witnesses. The maps show seasonal use in three time periods, namely:

- Use within living memory,
- Use during the ?undidanx and that portion of the yedanx roughly after 1846, and
- Use during the yedanx roughly prior to 1846 and back into the sadanx (the time of the ?esggidam).

For these purposes, the words “?undidanx, yedanx, sadanx, and ?esggidam” are intended to have the meanings as described by witnesses in evidence, and as discussed in this Argument in the section entitled “Time Periods of Tsilhqot'in Oral History”, Volume 3, paras. 879-883.

Tsilhqot'in War Map	FF
Tsilhqot'in Wars With Other First Nations	GG

9. PHYSICAL SITES: The following maps have been prepared by Clover Point Cartographics at the request of counsel for the Plaintiff from the lay witness evidence. TAB 2 – TABLE OF PLACE NAMES

10. DATA SOURCES **Map B** : Place names. Attached is the list of data sources for the place names found on Map B.

TAB 3 – TABLE OF DATA SOURCES FOR MAPS J THROUGH EE

11. DATA SOURCES **Maps J through EE**: non-Exhibit use. The data sources for each of these maps are set out in the Table attached, indicating the affidavit or transcript reference relied upon for the proposition asserted by counsel. The Table is in three columns, indicating the Map Label which indicates the number on the polygon and the initials of the witnesses who gave this testimony, and secondly, the Type of location, such as “Hunting ground”, and thirdly, the “Reference” column, which directs the reader to an exhibit or transcript where the passage relied upon may be found. Entries in the References column are either exhibits or transcripts, indicating page and paragraph number, or date, page, and line number, as the case may be.

**To view the maps located under Tab 1,
please see folder on CD entitled
“Appendix 6, Tab 1”.**

**Appendix 6, Map B,
Table Accompanying Traditional Tsilhqot'in Place Names of the Claim Area, Explanatory Notes**

This table represents a compilation of Tsilhqot'in place names given by Tsilhqot'in witnesses, with additional references from the Ts'il?os Park Master Plan (1997). A selection of these place names appear on Appendix 6, Map B. Footnotes to place names displayed on Map B relate to the numbers in the "Footnote Number" column. The "See Also Footnote #" column contains alternate references for the place names. Please note that the "Witness(es)" column may include witnesses who did not in fact speak to this place. This is a function of the way these place names were categorized for mapping purposes. Where multiple witnesses appear in this column, please refer to the reference column for the citation to the witness's evidence.
